

Family Literacy Day® 2011 is January 27th

Family Literacy Day highlights the importance of family members learning, reading, singing and playing together.

Get ready. Get set. Play!

Children learn literacy and numeracy skills by having fun. ABC Canada recommends that children take time together to play:

- Board games
- Card games
- Word games

Alphabet Loop Scavenger Hunt

Alphabetical Loop can be played by looking for items that begin with each letter of the alphabet. Sing the ABC song while you search. If items for certain letters cannot be found, try looking outside too.
