

Draw and Tell

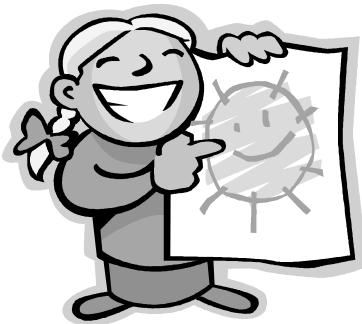

“Draw and tell stories” capture children’s interest and imagination. You don’t have to be an amazing storyteller or artist to mesmerize your child.

Draw on paper, sand at the beach or restaurant serviettes. Draw with a marker, chalk, pencil, paint or shaving foam.

How can you help?

“Draw and tell stories” encourage your child to anticipate the story ending as well as the finished picture. Use them often to encourage your child’s listening, speaking and thinking skills.

Can’t think of a story idea to draw? Visit www.drawandtell.com, a great website for easy draw and tell story suggestions, and click on *Pictales*.

Chucky Chicken

(Use your child's name and the names of people your child knows to tell this story.)

Old Macdonald had a farm. And on this farm he had a grandson named Jake. Jake loved to play hide and seek on the farm. There were so many exciting places to hide!

Jake was 'It'. He hid his eyes right here.....

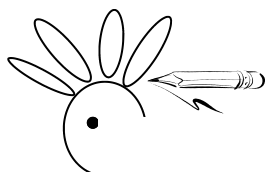

Jake's friends ran to hide.....

Brandon hid here.....

Emily hid here.....

Dana hid here....

And Jordan hid here....

But Michael ran behind the barn and hid right here.....

Three other children ran behind the haystack.....

Jamie hid here....

Ally hid here...

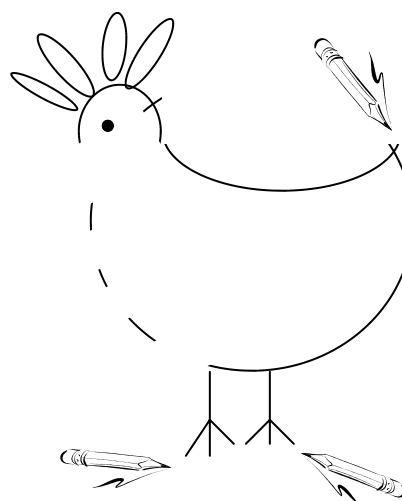

Brittany hid here....

Three more children hid behind the chicken coop...

Brent hid here.....

Adam hid here.....

Chelsea hid here.....

Suddenly a "cluck cluck cluck cluck cluck" sounded from inside the coup.

Two beady eyes peered out at them from inside the wire mesh.

Can you guess what was shouting, "1 2 3 on you!"?

You're right! It was a chicken -- Chucky Chicken, who loved the game of Hide and Seek almost as much as Jake.

(Draw a line between the leg and the head to complete the chicken picture.)
