

How to Photocopy A - Apple Pie Fold Up Book

How to Photocopy A - Apple Pie

1. You need a photocopier that can copy on 11" x 17" paper to prepare this book.
2. Print the two A – Apple Pie PDF pages.
3. Lay the two PDF pages together, with the two corner dots side by side, on the photocopier glass.
4. Fill the 11"x 17" paper tray in the photocopier.
5. Before you start photocopying multiple copies, make a test copy of the book. Fold and cut the slit. Complete the folds and check to make sure it is correct.
6. Make adjustments if necessary.
7. Photocopy the number of books you need.

Fold Up Books You Can Make at Home

1. Fold paper into 8 equal parts.
2. Cut a slit between the 2 folds.
3. Fold book in half, length-wise.
4. Fold book as illustrated in #4.
5. Continue fold as illustrated.
6. Start to create the book.
7. Finish the folds and press them flat.
